Beyachad Foundation | Impact Report

Since its founding in 2015, Beyachad – The Stella and Yoel Carasso Family Foundation, has been an active force at the intersection of **education, technology and employment** as tools of social mobility among young adults and socioeconomic resilience in Israel as a whole and in the Galilee region in particular

Objectives

- **Investing in human capital** via technical and vocational education and training (TVET) in line with the shifting needs of the labor market while at the same time encouraging and boosting responsibility within the business sector
- **Integrating innovation and technology** as part of an advanced manufacturing industry that serves as an engine for productivity and growth

Method

- **Investing in programs** – technical and vocational training and education, STEM, engineering professions, labor market integration
- **Investing in the creation** of a holistic ecosystem while developing and maintaining multi-sector partnerships
 - Increasing impact through collaborative action
 - Driving public policy
